

# Plockmatic 1000 System

## Production Level Booklet Making System

This system is for the heavy professional user that runs the machines full day or 24/7. It includes more professional requirements including more sophisticated features than in light production and has a maximum monthly volume of 100 000 booklets. The Plockmatic VF 1008 Feeder with Plockmatic BM 2000 or BM 2000S Binder, FTR 2000 Trimmer and SQF 2000 Square folder brings you a professional hybrid air feed booklet making system for both digital & analogue print sources.

### Features:

#### Plockmatic VF 1008 Feeder

A completely new concept in vacuum feeding/collating that offers a unique combination of advanced feeding applications and traditional collating. Use it as a smart feeder for pre-sorted printer outputs or as a traditional collator for normal collating jobs. Combined you have a truly flexible and versatile system. Merge colour prints from your offset/digital press with pre-sorted b/w and colour outputs from your printer.

#### Plockmatic BM 2000 Binder

A booklet maker for the production segment that handles a wide variety of formats and substrates and with a capacity to produce 100 page booklets at a rate of up to 3000 per hour regardless of format. Special attention has been given to handle digital colour prints and to avoid smearing and scratching. Adjustable staple position allows operator to "hide" staples behind the spine. Patented two step fold roller system gives a sharp fold without marking.

#### Plockmatic FTR 2000 Trimmer

Front edge trimming is a must for booklets with more than 3-4 sheets. The FTR 2000 is despite its small foot print equipped with a large trim scrap bin and air jets make sure trim scrap is separated from the books. Automatic set up through the BM 2000 operator interface.

#### Plockmatic SQF 2000 Square folder

Adding the square folder gives you the same professional flat finish as a perfect bound book but at a fraction of the cost. Enhance the appearance with text printed on the spine and get that magazine look. Up to 100 page booklets can be processed. Faster, less expensive and without the negatives of glue binding such as a long warm up time, odours, foot print etc. Automatic set up through the BM 2000 operator interface.

### Technical Information:

#### VF 1008 Feeder

Part Number: 048L63296  
Dimensions inc. Base: (H)1850 x (W) 660 x (D)770 mm  
Weight: 180 kg

#### BM 2000

Part Number: 048L63297  
Dimensions inc. Base & Belt Stacker: (H) 1135 x (W) 1520 x (D) 680 mm  
Weight: 161 kg

#### FTR 2000 Trimmer

Part Number: 048L63298  
Dimensions inc. Base: (H) 1100 x (W) 350 x (D) 595 mm  
Weight: 83 kg

#### SQF 2000 Square-Folder

Part Number: 048L63299  
Dimensions inc. Base: (H) 1100 x (W) 350 x (D) 595 mm  
Weight: 60 kg
